

AQUACIL™

MOISTURIZING CREAM

Aquacil™ Moisturizing Cream is specifically formulated to provide high end skin care for professionals. The advanced emollients in Aquacil leave skin feeling soft and healthy even in winter. Use of Aquacil cream will ameliorate the negative effects of frequent hand washing and encourage compliance with hand hygiene guidelines.

Features and Benefits

- Meets CDC recommendation
- Helps the skin retain moisture
- Emollients substantive to skin and resist wash-off
- No greasy or sticky feel: no product buildup
- Compatible with chlorhexidine products
- Compatible with latex gloves
- Fragrance and dye free
- Manufactured in the USA in an FDA registered facility
